

Revera: AODA Multi-Year Accessibility Plan

Introduction

In accordance with our organizational obligations under the *Accessibility for Ontarians with Disabilities Act (AODA)*, *Integrated Accessibility Standards Regulation (IASR)*, Revera has prepared this multi-year plan which contains the deliverables and activities that will be worked on over the next several years. Revera recognizes that the AODA obligations are far-reaching, with varying levels of responsibility across the organization, which is why we have taken a strategic approach to implementation. At Revera we are committed to making accessibility throughout the organization a reality. Therefore in this multiyear plan various groups have been assigned leadership and responsibility to ensure our goals are met.

The Multi-year plan is a fluid document and framework which provides high level deliverables and activities over the next several years. Various leaders representing Revera will be accountable for the successful creation and implementation of the accessibility initiatives as they relate to the AODA Accessibility Standards, and the AODA Coordinator who is accountable for the development and execution of an accessibility strategy and providing leadership and expertise.

This document is available in alternative format upon request.

Should you require more information on Revera's AODA initiatives, please contact the AODA Coordinator as follows:
