Grand Opening event celebrates \$50 million investment in the future of seniors living

AJAX, Ontario – October 29, 2018 – More than 350 resident seniors, their families, community members and dignitaries celebrated the official Grand Opening of Ajax’s newest retirement community, Revera’s Westney Gardens yesterday. Revera, a leading owner, operator and investor in the senior living sector, invested \$50 million to bring this modern, environmentally-friendly, 132-suite retirement residence to Ajax, creating more than 40 local full- and part-time jobs.

“We are very proud to officially introduce Westney Gardens to the Ajax community,” says Thomas G. Wellner, President & CEO of Revera. “Westney Gardens is built on the core principles of choice, independence and innovation for seniors, and has already become a vibrant, exciting place to live. As our 76th retirement residence in Ontario, it also represents a significant milestone for Revera’s growth strategy.”

Westney Gardens features a wide range of dining options as well as amenities designed to help seniors live life to the fullest, including a fitness centre, a theatre, an off-leash dog run and even a golf simulator.

“On behalf of Ajax Council, I am thrilled to welcome Revera Westney Gardens Retirement Residence to Ajax,” said Mayor Steve Parish, Town of Ajax. “As a longtime supporter of housing choices for all residents, I am pleased that Revera’s 132-suite, state-of-the-art retirement residence will increase housing options for seniors in north Ajax.”

Mark Holland, MP for Ajax. “Beyond the economic impact of bringing 40 full and part time jobs to Ajax, Westney Gardens addresses the need for a cutting-edge residence for seniors to live and recreate.”
